Meticulous attention to distinctive details create unique mountain warmth in the rustic-inspired Eagle's Nest Penthouse on top of the #1 Ritz-Carlton in North America. All three bedroom suites-one crafted particularly for younger guests-face the ski slopes with iconic views. The warmth of the living area, with long views of the Bachelor Gulch Mountain, is enhanced with natural logs, a moss stone fireplace and warm leather accents.

LAYOUT: 1,800 sq. ft. of living space; Three ensuite bedrooms/ three bathrooms (King Master Suite, One Queen Room, Twin Bunk Room)

PRIVATE OUTDOOR TERRACE AND VIEWS: With outdoor dining space for four, the terrace is situated directly above the ski lift, with glorious views of the slopes and ski-mountain bustle such as live music by the patio's firepit. Each room looks directly upon the ski mountain.

INTERIOR/ART: The Alder wood floor, moss stone fireplace, and wood coffer ceiling complement beautiful mountain-inspired finishes, such as a natural log wall in the Great Room, cork damasque in the powder room, and sage suede in the Master. A gourmet kitchen, heated bathroom floors and State-of-the-Art Entertainment System add to the Penthouse opulence.

AMENITIES: This esteemed Ritz-Carlton tempts guests to ski, or golf the legendary Beaver Creek terrain in the resort's backyard, and to relax with a drink at Spago, dip in the steaming hot spas, or hand-roast s'mores at the signature campfire. The Great Room and Patio have live music by the fireplace during peak season, and of course, the extravagant Spa and lavish Fitness Facility are over-the-top with the all-season pool and indoor grotto.
